

DID YOU KNOW?

By April 22, building and remodeling firms must have one or more "certified renovators" assigned to jobs where lead-based paint is disturbed.

HBA of F-M will offer renovator training satisfying the:

EPA REMODELING, RENOVATION & PAINTING (RRP) RULE

- Cost (including lunch | pre-registration required)

HBA Member \$150

Non-Member \$225

- 8:30 a.m. - 5 p.m. March 29, 2010

- Cass County Electric/IdeaOne

3312 42nd St. S. in Fargo

**SPACE IS LIMITED!
SIGN UP EARLY.**

THE TRAINING WILL BE PRESENTED BY:

- UND Environmental Training Institute, EPA-certified to present RRP courses.
- EPA accreditation number: NAT-RV-I-8865-1-EN
- This course is approved for 8 hours of contractor continuing education by the MN Department of Labor & Industry.

THE RRP DETAILS:

Who does this affect?

The EPA RRP rule affects contractors, property managers and others who disturb known or presumed lead-based paint during renovation.

What activities?

The term renovation covers all activities done for compensation that disturb painted surfaces including most repair, remodeling and maintenance activities such as window replacement, weatherization and demolition.

What structures?

The RRP rule applies to all renovation work performed in residential houses, apartments and child-occupied facilities such as schools and daycare centers built before 1978.

What's required?

To become certified, a renovator must successfully complete an EPA or state-approved training course. All renovation workers must be trained. Renovation workers can be trained on-the-job by a Certified Renovator to use lead-safe work practices, or they can become Certified Renovators themselves.

This class has been approved for 4.5 hours of North Dakota Professional Builder credit by the N.D. Association of Builders. See www.ndbuild.com for more details on NDPB.
